

Criteria for a possible Retest

- 100% of the homework from the unit in question must be completed.
- Upon request for a retest, the homework for the unit must be submitted for verification that:
 1. A complete and orderly record of the homework is maintained, indicating one is serious.
 2. All work is shown, indicating a sincere effort in applying oneself.
 3. The correct solutions are given, indicating knowledge of the area.
- A retest will be taken under consideration only after the above criteria is met. A final determination will be addressed after considering work habits in class, attendance and other related factors.
- The student must then meet to go over the results of the test in question and then write the pretest.
- The student will have the opportunity to write a retest if a mark of 80% is obtained in the pretest and the retest mark will be submitted in place of the test in question.
- Only 3 retests per student will be allowed.
